

MI ranks 1st in Nigeria & South Africa

Morison International (MI) is delighted to announce that it ranks first in the recent African *International Accounting Bulletin* (IAB) association surveys.

MI ranked first in terms of total revenue and second in terms of the number of staff in both the Nigerian and South African *IAB* ranking surveys.

The *IAB* is a monthly bulletin which provides exclusive surveys of accounting firms in leading and emerging markets, delivering over 20 country and regional surveys per year. MI participates in a large number of these surveys including the annual World Survey which ranks global associations and networks.
